

### AMENDMENTS

Please consider amending by an Examiner's amendment the above-identified application as follows:

#### Proposed Claim Amendments

Please consider amending by an Examiner's amendment the following claims by adding the language that is underlined ("\_\_\_") and by deleting the language that is enclosed within brackets ("[ ]"):

C1 13. [A GPS receiver including] the signal detector of claim 1, further comprising a GPS receiver.

C2 22. [Computer readable media on which is stored a series of instruction embodying] the method of claim 14, further comprising computer readable media on which is stored a series of instructions for implementing at least the steps of claim 14.

### REMARKS

As the Examiner and the undersigned attorney briefly discussed by phone on November 29, 2000, the Examiner indicated that the preamble of claims 13 and 22 were objectionable as pending in the instant application. Although the application had received the Notice of Allowance, the Examiner requested that the undersigned attorney propose wording for amending claims 13 and 22 to resolve the possible preamble issues which the Examiner raised, and that the Examiner would enter by an Examiner's amendment the proposed amendments to claims 13 and 22 if such proposed amendments did not raise new issues requiring examination.

Applicants respectfully submit that the proposed claim amendments do not constitute new matter or create issues requiring further examination.
